

THE RIVIERA

Extraordinary single level design with 12' foot ceiling heights in the family room and a bank of windows captures the ever changing scenery of the Boise foothills! Trademark finishes of Boise Building Company shine with abundant custom cabinetry, 4 piece Bosch stainless steel appliance package, slab granite counter surfaces, and wood flooring throughout the entire great room!

Uniquely designed to maximize views from all of the primary living spaces, including the huge side patio/porch! The master suite features a walk-in shower, dual vanities and supersized walk-in closet! The split bedroom design has 2 additional guest bedrooms served by a Jack-and-Jill bath.

An expanded 2 + car garage sports an 18 foot garage door plus an added storage area. Low maintenance grounds provide a luxurious and carefree lifestyle!
